The Calgary Board of Education Trustees are embarking on a process to talk to the public and make informed decisions that may lead to policy on the role of religion in public education. We would like to engage the Trustees from ASBA Zone 5 to let you know about our 'embarkment' and to find out what activities and issues exist in your school districts. The questions we would like to ask are simply:

Using the attached backgrounder, what works for you?

What doesn't work for you and why?

We are also very interested in hearing about what is presently being offered in your schools and your experience in addressing these issues.
